Message from Director

Prof. Yamini Karmarkar

International Institute of Professional Studies, DAVV has been progressing at a highly appreciable pace. Many notable achievements have been recorded in the area of student development and welfare. Having a dynamic placement cell is one of them. All this has been possible with the dedicated and strenuous efforts of the training and placement officers, hard work of experienced faculties and whole-hearted co-operation of the students, which exhibits an assurance of sustainable competitive edge of the placement cell in coming time ahead while converting the dreams of students into reality and with flying colors.

I pray for future growth and prosperity of the institute and wish all as team the success in the years to come. Signing off with a quotation “If you want to go fast, walk alone, if you want to go far, walk together”

Placement Cell

The Training and Placement Cell of **IIPS DAVV** is established with the vision to prepare the students and make them industry ready with equal opportunity to all through intensive and innovative training methodologies.

The aim of the **Training and Placement Cell** is to train the students, upgrade their soft skills and technical skills in the core thrust areas so that they will equip themselves and become globally competitive. The primary objective is to have campus placement and focus on strong interaction between Institute, Industry, Students and Faculty to share the potential knowledge and innovative ideas of recent developments.

Our enthusiastic team strives for effectively striking a match between recruiter expectations and student aspirations. The Training and Placement Officers, and the student coordinators handle various crucial tasks involved during the placement processes. The Placement Cell is a team of student representatives that consists of the final year students supervising the activities as head coordinators, the students of 9th semester and 7th semester of the integrated courses and 3rd semester of 2 year courses who serve as coordinators, and the students of 5th semester who works as volunteers for the placement cell.
